The following information MUST be submitted with any application to install or amend a system of sewage management, as required by Clause 26 of the Local Government (General) Regulation 2005.

1. Completion of application form

All details on the application form are mandatory and are required to be completed and accurate.

2. Plan

The application must be accompanied by a plan, to scale, showing the location of:

- (a) the dwelling in relation to the block and proposed effluent disposal area;
- (b) the sewage management facility proposed to be installed or constructed on the premises;
- (c) any related effluent disposal areas;
- (d) the location of any bore holes;
- (e) any buildings or facilities existing on, and any environmentally sensitive areas of, any land located within 100 metres of the sewage management facility or related effluent disposal areas;
- (f) any related drainage lines or pipework (whether natural or constructed); and
- (g) the location of any existing system of sewage management and effluent disposal area (if applicable).

3. Specifications

The application must be accompanied by full specifications of the sewage management facility proposed to be installed or constructed on the premises concerned, including a full copy of any Certificate of Accreditation and associated conditions.

4. Site assessment

The application must be accompanied by details of the climate, geology, hydrogeology, topography, soil composition and vegetation of any related effluent application areas together with an assessment of the site in the light of those details.

Note: This does not need to be a geotechnical report. A geotechnical report will only be required after an initial assessment of the application identifies the application as having a higher level of risk due to site conditions and/or volumes.

5. Effluent disposal area

Calculations as to the sizing of the effluent disposal area.

6. Operation and maintenance

The application must be accompanied by details of:

- (a) the operation and maintenance requirements for the proposed sewage management facility;
- (b) the proposed operation, maintenance and servicing arrangements intended to meet those requirements; and
- (c) the action to be taken in the event of a breakdown in, or other interference with, its operation.

Compliance requirements

The application must comply with:

- (a) Local Government (General) Regulation 2005;
- (b) Environment & Health Protection Guidelines – On-site Sewage Management for Single Households;
- (c) Australian Standard 1547 – 2000 – On-site Domestic wastewater Management; and
- (d) Baulkham Hills Development Control Plan Part D, Section 4 – On-site Sewage Management.

FAILURE TO CARRY OUT THESE INSTRUCTIONS MAY LEAD TO THE REFUSAL OF THE APPLICATION
